sanitizer before practice/class.

### **Beach rules review:**

#### **Uniforms**

- Uniforms are not required. However, matching color bottoms and tops are encouraged. All athletes are **REQUIRED** to wear a top. For girls, the top must cover your midsection when standing and bikini bottoms must be full coverage
- No bikinis will be permitted for any team. Boys must wear tank tops or t-shirts that cover their midsection when standing and bottoms such as swim trunks, surf shorts, or volleyball shorts. No brief type swim trunks.

1st contact on serve receive: overhead passing using finger action is allowed. **But this contact must be legal, meaning no lift and no double.** This is the same rule for free balls or non hard driven balls.

Defensive balls may be beach digged. Meaning a double is legal as long as the ball is not lifted or held. Defensive ball is described as the ball not going up before it goes down or in a reactionary type movement.

Setting across the net must be facing the location, front or back, with a clean contact (no lift, no double)

A block counts as a touch in beach volleyball

Directional blocking is legal as long as there is no lift

There is no open hand tipping. Must be a pokey, roll shot, or attack.

If teams wish to switch sides at 7 point increments they should. If one team wants to switch and the other does not, you will switch sides. If both sides agree to stay the same, that will be the case for the match/game

\*No handshakes at the beginning, during, or end

### **Timeouts:**

Each team gets one timeout. There is a technical timeout at a total of 21 or 28 depending on how many points the set it played too.

### **Work teams**

Work teams NOT reffing teams. They are there to keep score. If there is a disagreement on a call with the players they may ask for the work team opinion. If there is no resolution, replay the ball. Contact the Tournament director with other issues.

\*New for the S2S events:

All teams will get a self scoring email with directions on how to live score and submit scores from their mobile devices. There is also a short video to help <https://www.youtube.com/watch?v=j96as5hlAaM> start at the 1:30 mark.

Should we have issues with this reporting, we will resort to the old school way, below Keep score sheets on the clipboard. Staff will come around and get scores and post on ***allinvolleyball.bracketpal.com*** on the go.

At the end of pool play, bring the clipboard up and when all pools are done, playoffs will be created.

At this time, a quick age division meeting will take place by the site director

### **Parents/Coaches**

Parents should not be doing anything except supporting and cheering you on. No type of coaching is allowed during a match at any time. If this happens, they will be asked to leave along with the team they have in the event. **Appropriate celebrating is**

encouraged. Examples: Great job. Good hustle. **Bad examples: Great high line shot. Good pokey. These bad examples insinuate strategy or coaching and are not allowed.**

**\*\*Please be excited that we are able to host and not be high maintenance or a jerk, this will not be tolerated.\*\***

#### **Certified Coaches:**

Need to abide by the coaching rules. **Zero during play.** Briefly on side switches. Coaches not allowed to participate in warm ups. **May not interfere with play.** This year will be different due to social distancing. Plan on MOST of your coaching to be done in between matches. Should **PLAYERS** have a problem with other teams coaches, the **PLAYERS (not parents)** should contact the site director to resolve.

**Athletic Trainers** will not be available this year. Basic first aid is available.
